

Meals on Wheels Corporate Partnerships

Hands On Opportunity

Adopt - A - Route

The Meals on Wheels Adopt - A - Route program is an easy, yet effective way for companies and organizations to involve themselves in their local communities. With as few as 4 -8 employees, a group can Adopt - A - Route and deliver meals to homebound seniors one day a week. By rotating delivery teams or individuals, staff members would only deliver one lunch time a month with only 1 1/2 to 2 hours away from work. A donation of \$200 provides your company name or logo on the magnetic strip identifying your employees as volunteer Meals on Wheels drivers.

This is a great team building opportunity, giving employees the chance to interact and make a difference outside the work environment.

Get your name out there

Route Sponsorship

Underwriting a delivery route for one year is a great way to support Meals on Wheels. For a donation of \$1000, your company or organizations name or logo will appear on a magnetic car sign while drivers deliver meals on your sponsored route, giving your business great philanthropic exposure for an entire year.

For additional information on how you can Adopt - A - Route or Sponsor - A - Route, Please contact Marrienne McBride, Director of Development at 707-525-0143 x 146
